GRADE 3 END OF YEAR PLANKS INCURSION

THURSDAY, 21ST DECEMBER, 2017

Made from natural materials, “Planks” building blocks are uniquely designed for creative minds. Each plank is identical in size and shape, allowing structures to be held together by gravity and balance alone. While building amazing structures the students will work with and explore the principles of technology, science and mathematics.

From the smallest shapes to the tallest towers, “Planks” are inspiring and creative, educational and playful. “Planks” are great for individual play or group activities, encouraging a mix of creativity and skill, social development and imagination. The program comes highly recommended!

The cost of the incursion is \$6.00 and is covered by the excursion levy. Please forward permission form and payment (if levy not paid) to school by Wednesday, 29th November. Please note that late payments or permission forms cannot be accepted.

Regards,

GRADE 3 TEACHERS
