

Mandatory Reporting

Policy

Policy review team members: Brett Bell, Bev Harvey, Richard Barren and Kate Eadie

This policy was last ratified by School Council on 2/5/2016

Rationale:

This Policy provides information regarding the statutory requirements of mandatory reporting to the Child Protection service.

Aims:

All children have a right to feel safe and to be safe. As teachers, we have a legal and moral responsibility to respond to serious incidences involving abuse and neglect of the children with whom we have contact, and to report instances that we believe involve any form of abuse including: physical, sexual, emotional or neglect.

The purpose of this policy is to ensure that children's rights to be safe are maintained and each child is protected against abuse (sexual, physical and emotional) and neglect.

Implementation:

Statement

A broad range of professional groups are identified in the *Children Youth and Families Act 2005 (CYFA)* as mandatory reporters. Mandated staff members must make a report to Child Protection as soon as practicable after forming a belief on reasonable grounds that a child or young person is in need of protection from significant harm as a result of physical injury or sexual abuse, and the child's parents are unable or unwilling to protect the child.

The following professionals are prescribed as mandatory reporters under section 182 of the CYFA:

- primary and secondary school teachers and Principals (including students in training to become teachers)
- registered medical practitioners (including psychiatrists)
- nurses (including school nurses)
- police.

There may be times when two or more mandated staff members, for example a teacher and a Principal, have formed a belief about the same child or young person on the same occasion. In this situation it is sufficient for only one of the mandated staff members to make a report. The other staff member is obliged to ensure that the report has been made and that all of the grounds for their own belief were included in the report made by the other staff member.

Non-mandated staff members

Section 183 of the CYFA states that **any person**, who believes on reasonable grounds that a child is in need of protection, may report their concerns to Child Protection. This means that any person, including non-mandated school staff, is able to make a report to Child Protection when they believe that a child or young person is at risk of harm and in need of protection, and the child's parents are unable or unwilling to protect the child.

Forming a belief on reasonable grounds

A person may form a belief on reasonable grounds that a child is in need of protection after becoming aware that a child or young person's health, safety or wellbeing is at risk and the child's parents are unwilling or unable to protect the child.

There may be reasonable grounds for forming such a belief if:

- a child or young person states that they have been physically or sexually abused
- a child or young person states that they know someone who has been physically or sexually abused (sometimes the child may be talking about themselves)
- someone who knows the child or young person states that the child or young person has been physically or sexually abused
- a child shows signs of being physically or sexually abused.
- the staff member is aware of persistent family violence or parental substance misuse, psychiatric illness or intellectual disability that is impacting on the child or young person's safety, stability or development
- the staff member observes signs or indicators of abuse, including non-accidental or unexplained injury, persistent neglect, poor care or lack of appropriate supervision
- a child's actions or behaviour may place them at risk of significant harm and the child's parents are unwilling or unable to protect the child.

Failure to report

A failure by mandated professionals and staff members to report a reasonable belief that a child is in need of protection from significant harm as a result of physical or sexual abuse may result in the person being prosecuted and a court imposing a fine under the CYFA.

Making a report to Child Protection

The CYFA allows for two types of reports to be made in relation to significant concerns for the safety or wellbeing of a child – a report to Child Protection or a referral to Child FIRST.

A report to Child Protection should be considered if, after taking into account all of the available information, the staff member forms a view that the child or young person is in need of protection because:

- the harm or risk of harm has a serious impact on the child's immediate safety, stability or development
- the harm or risk of harm is persistent and entrenched and is likely to have a serious impact on the child's safety, stability or development
- the child's parents cannot or will not protect the child or young person from harm.

Where during the course of carrying out their normal duties, a school staff member forms the belief on reasonable grounds that a child is in need of protection, the staff member must make a report to Child Protection regarding this belief and the reasonable grounds for it as soon as practicable.

Teachers are encouraged to discuss any concerns about the safety and wellbeing of students with the Principal or a member of the school leadership team. If a Principal or member of the leadership team does not wish to make a mandatory report, this does not discharge the teacher's obligation to do so if they have formed a reasonable belief that abuse may have occurred. If the teacher's concerns continue, even after consultation with the Principal or member of the leadership team, that teacher is still legally obliged to make a mandatory report of their concerns.

A 'Mandatory Reporting Information Sheet' will be made available for teachers who form the opinion that a mandatory report is required. This form allows staff to gather appropriate information before and during a mandatory report. The completed form is to be kept by the Assistant Principal.

Teachers and/or Principal class employees are to make a mandatory report by contacting the Department of Human Services – Child Protection as soon as possible on:

1300 655 795 or after school hours crisis line **13 12 78**

Information about the identity of a person making a report to Child Protection must be kept confidential unless the reporter consents to the disclosure of their identity. If the staff member wishes to remain anonymous, this information should be conveyed at the time that the reporter makes the mandatory report.

Child Protection Interviews

Members of the Department of Human Services, or associated support or intervention services that visit the school following a notification, will interview staff and children only in the presence of a Principal Class Member or his/her nominee.

The role of school staff

School staff have a duty of care to protect and preserve the safety, health and wellbeing of children and young people in their care and staff must always act in the best interests of those children and young people. If a staff member has any concerns regarding the health, safety or wellbeing of a child or young person it is important to take immediate action.

Note: The role of investigating an allegation of child abuse rests solely with Child Protection and/or Victoria Police.

The roles and responsibilities of staff in supporting children and young people who are involved with Child Protection may include acting as a support person for students, attending Child Protection case plan meetings, observing and monitoring students' behaviour, and liaising with professionals.

Confidentiality

Staff must respect confidentiality when dealing with a case of suspected child abuse and neglect, and may discuss case details and the identity of the child or the young person and their family only with those involved in managing the situation.

When a child or young person has moved to another school, professional judgement should be exercised as to what information needs to be passed on. This will be guided by usual procedures for passing on information about a child's general wellbeing or special needs, and the role of the school in any ongoing care plans.

Advising parents, carers or guardians

Staff **do not require** the permission of parents, carers or guardians to make a report to Child Protection, nor are they required to tell parents, carers or guardians that they have done so.

It is the responsibility of Child Protection to advise the parents, carers or guardians of the interview at the earliest possible opportunity. This should occur either before, or by the time the child arrives home.

Ensuring that a Child Protection interview takes place

The school does not have the power to prevent parents, carers or guardians from removing their children from the school and should not attempt to prevent the parents, carers or guardians from collecting the child. If a parent/carer or guardian removes a child before a planned interview has taken place, the Principal and/or their nominee should contact Child Protection or Victoria Police immediately.

Staff Training

Staff will be informed of Mandatory Reporting requirements as part of their initial induction to the school and will be provided with supporting documentation in their staff handbook.

Staff will be reminded of their Mandatory Reporting requirements annually as part of the Performance and Development/Staff meeting rotation. The Department of Education and Training provide staff with an online learning module to assist in the education of requirements around mandatory reporting. Staff are required to complete this online module each year and can be accessed at:

Username: education

Password: employee

Staff Welfare and Support

As well as obtaining support from colleagues and school leadership, DET staff are able to access professional, confidential and free counselling through the Employee Assistance Program (EAP) by phoning 1300 361 008, 24 hours a day, 7 days a week.
