

Dear Parent /Guardian,

Your child is soon to visit the Sovereign Hill Costumed Schools – an exciting 2 day role-play experience, which will immerse them in the life of an 1850's child on the Victorian Goldfields.

By participating in this experience your child will become a part of the Sovereign Hill Museum and so will need to look, (and play) the part.

We will provide them with an authentic, historical costume to wear during the program.

In addition, you are required to provide the following items for your child:

- **shoes – plain black or brown leather-style, preferably no zips**
- **long socks - plain white, black or grey (no logos / patterns).**

Note: If there are any issues relating to this, please be assured that we will work with your school to assist.

Children should come without nail polish, make-up and jewellery – with the exception of items that are of an important medical and religious nature.

This is a world-leading education program and a special experience that your child is sure to remember for a long time. We look forward to sharing this experience with your child.

Regards

The Sovereign Hill Costumed School Team.
