

## WE'RE MAKING A COOKBOOK!!!

During our lockdown our wonderful group of PTA Mums has come up with the idea to print our very own school MEPS Isolation Cookbook for 2020!

### **What we need from you:**

Your most delicious go to recipe that you have spent precious family time making, and if you like, an isolation joke or quote. As this is a unique event in our history we wanted to take advantage of it and create a cookbook that we can look back on with our children for many years to come.

### **What you get for your money:**

Your recipe and picture is published in a recipe book, and you get to share in lots and lots of yummy go to family recipes.

### **What to do to include your recipe:**

Use the following google form link to log your details. It's a very easy process for us and for you.
