DEPARTMENT OF EDUCATION GUIDELINES

Student Behaviour

'I understand that in the event of my child's misbehaviour or behaviour that poses a danger to himself/herself or others during the excursion, he/she may be sent home. I further understand that in such circumstances I will be informed and that any costs associated with his/her return will be my responsibility.'

Student Illness

'I understand that in the event excursion staff determine it is necessary for my child to be sent home early due to illness, any costs associated with his/her return will be my responsibility.'

Cancellations or alterations

'I understand that the Principal may need to cancel or alter excursion arrangements at short notice, for safety reasons or due to circumstances beyond the control of the school, and while the Principal will try to minimise inconvenience or financial losses to parents, these may be unavoidable.'

Student accident insurance and ambulance cover

The Department of Education does not provide student accident insurance or ambulance cover. Parents may wish to obtain student accident insurance from a commercial insurer and/or ambulance cover, depending on their health insurance arrangements and any other personal considerations.

Contract Tracing

Some excursion venues are required to collect contact details and are responsible for managing record keeping for contract-tracing in line with current public health directives.

Most venues are required to use electronic record keeping that connects with an Application Programming Interface (API) linked provider or a digital system provided by Services Victoria.

The Department of Health has **strongly recommended** that a contact number for each individual student is provided. A school phone number alone is not considered sufficient. Providing contact details for individual students will expedite contact tracing so that individuals can be contacted by the Department of Health if required.

Parents/carers/guardians are advised that, when required, the school will be providing excursion venues with contact details for students. The phone number on school file for the student will be provided as the nominated contact number.

Venues will be collecting student names and contact phone numbers for a legitimate purpose and are subject to Victorian privacy laws so will handle the information securely and only retain it for the required 28-day period.
