

Child Safety

Policy

Policy review team members: Dean Charge, Deb Gardener, Jane Herring, Carolyn Smith, Kim Wheeler, Bev Harvey, Michelle Polley

This policy was last noted by School Council on 2/8/2021

Rationale:

On 26 November 2015, the Victorian Parliament passed the Child Wellbeing and Safety Amendment (Child Safe Standards) Bill 2015 to introduce child safe standards into law. The standards commenced from 1 January 2016 for most organisations working with children, with the aim of promoting cultural change in the way organisations manage the risk of child abuse and neglect.

The child safe standards are part of the Victorian Government's response to the Betrayal of Trust Inquiry into the Handling of Child Abuse by Religious and other Non-Government Organisations. The Betrayal of Trust Report found that while the majority of children are safe in organisations and in the community, more work could be done to strengthen existing approaches to child safety.

This policy is required and informed by clause 8 of *Ministerial Order No. 870 – Child Safe Standards – Managing the risk of child abuse in schools*, which sets out what the Child Safe Standards mean in a school environment.

The child safe standards aim to drive cultural change in organisations that provide services for children so that protecting children from abuse is embedded in everyday thinking and practice.

The Child Safety policy: sets out the school's approach to creating a child safe organisation where children and young people are safe and feel safe; and provides the policy framework for the school's approach to the Child Safe Standards

Principle of inclusion

Mt Eliza Primary School takes account of and makes reasonable efforts to accommodate the diversity of all children in implementing the Child Safe Standards.

The Child Safe Standards

To create and maintain a child safe organisation, an entity to which the standards apply must have:

Standard 1: Strategies to embed an organisational culture of child safety, including through effective leadership arrangements

Standard 2: A child safe policy or statement of commitment to child safety

Standard 3: A code of conduct that establishes clear expectations for appropriate behaviour with children

Standard 4: Screening, supervision, training and other human resources practices that reduce the risk of child abuse by new and existing personnel (See VIT and Working with Children Policies)

Standard 5: Processes for responding to and reporting suspected child abuse (DET Mandatory Reporting policy which can be found at <http://www.education.vic.gov.au/school/principals/spag/safety/Pages/childprotection.aspx>)

Standard 6: Strategies to identify and reduce or remove risks of child abuse

Standard 7: Strategies to promote the participation and empowerment of children (See Student Wellbeing and Engagement Policy)

Aims:

Mt Eliza Primary School's Child Safety Policy sets out the school's commitment and approach to creating and maintaining a child safe organisation where children and young people are safe and feel safe, and provides the policy framework for the school's approach to the Child Safe Standards.

This policy applies to all staff, volunteers, and contractors in the school environment, whether or not they work in direct contact with children or young people. This policy also applies to school council members where indicated.

The policy will apply to the school environment (see Definitions section). The policy covers both school hours and outside of school hours.

Strategies to embed a child safe culture

- Ensure that child safety is a regular agenda item at school leadership meetings and staff meetings
- Encourage and enable staff professional learning and training to build deeper understandings of child safety and prevention of abuse
- Ensure that no one is prohibited or discouraged from reporting an allegation of child abuse to a person external to the school or from making records of any allegation.

Roles and responsibilities

School leaders will ensure that each person understands their role, responsibilities and behaviour expected in protecting children and young people from abuse and neglect. Staff will comply with the

school's Child Safety Code of Conduct, which sets out clearly the difference between appropriate and inappropriate behaviour.

Specific child safety responsibilities:

- The Assistant Principal and Education Committee of the School Council are responsible for reviewing and updating the Child Safety Policy every two years.
- The Principal is responsible for monitoring the school's compliance with the Child Safety Policy. The school community should approach the Principal if they have any concerns about the school's compliance with the Child Safety Policy.
- The Assistant Principal is responsible for informing the school community about this policy, and making it publicly available.
- Other specific roles and responsibilities are named in Mt Eliza PS's other child safety policies and procedures, including the Child Safety Code of Conduct, Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures, and risk assessment register.

Recruitment

Mt Eliza PS follows the Department's Recruitment in Schools guide to ensure child safe recruitment practices, available on the [Department's website](#).

All prospective volunteers are required to comply with our school's Volunteers Policy, including in relation to assessing the suitability of prospective volunteers and obtaining checks required under this policy.

Training and supervision

Training and education is important to ensure that everyone in the school understands that child safety is everyone's responsibility.

Our school culture aims for all staff and volunteers (in addition to parents/carers and children) to feel confident and comfortable in coming forward with any allegations or suspicions of child abuse or child safety concerns. We train our staff and volunteers to identify, assess, and minimise risks of child abuse and to detect potential signs of child abuse. This training occurs annually or more often as required.

We also support our staff and volunteers through ongoing supervision to develop their skills to protect children from abuse, to promote the cultural safety of Aboriginal and Torres Strait Islander children and children from linguistically and/or diverse backgrounds, and the safety of children with a disability and vulnerable children.

New employees and volunteers will be inducted into the school, and provided a copy of the Staff Handbook that refers to the Child Safety Policy (this document), the Child Safety Code of Conduct, and the Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures on the school website.

They will also be supervised regularly to ensure they understand our school's commitment to child safety, and that their behaviour towards children is safe and appropriate. All employees of our school will be monitored and assessed via regular performance review to ensure their continuing suitability for child-connected work. Any inappropriate behaviour will be reported by school staff to the Principal or Assistant Principal and will be managed in accordance with Mt Eliza PS's Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures where required.

Reporting a child safety concern or complaint

The school has clear expectations for all staff and volunteers in making a report about a child or young person who may be in need of protection. All staff (including school council employees) must follow the school's Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and

Procedures, including following the [Four Critical Actions for Schools](#) if there is an incident, disclosure or suspicion of child abuse. Immediate actions should include reporting their concerns to DHHS Child Protection, Victoria Police and/or another appropriate agency and notifying the principal or a member of the school leadership team of their concerns and the reasons for those concerns.

Mt Eliza PS will never prohibit or discourage school staff from reporting an allegation of child abuse. The school will always take action to respond to a complaint in accordance with the school's Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures. In accordance with Action 4 of the Four Critical Actions for Schools, Mt Eliza PS will provide ongoing support for students affected by child abuse.

The Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures can be found on the school website.

Risk reduction and management

Mt Eliza PS believes the wellbeing of children and young people is paramount, and is vigilant in ensuring proper risk management processes, found in the school's risk assessment register. The school recognises there are potential risks to children and young people and will take a risk management approach by undertaking preventative measures.

We will identify and mitigate the risks of child abuse in school environments by taking into account the nature of each school environment, the activities expected to be conducted in that environment and the characteristics and needs of all children expected to be present in that environment.

Mt Eliza PS monitors and evaluates the effectiveness of the actions it takes to reduce or remove risks to child safety, more information can be found in the school's risk assessment register.

Listening to, communicating with and empowering children

Mt Eliza PS has developed a safe, inclusive and supportive environment that involves and communicates with children, young people and their parents/carers. We encourage child and parent/carer involvement and engagement that informs safe school operations and builds the capability of children and parents/carers to understand their rights and their responsibilities. Our school is committed to supporting and encouraging students to use their voice to raise and share their concerns with a trusted adult at any time of need. Students can access information on how to report abuse through their teacher, ES staff, Assistant Principal and Principal.

When the school is gathering information in relation to a complaint about alleged misconduct with or abuse of a child, the school will listen to the complainant's account and take them seriously, check understanding and keep the child (and/or their parents/carers, as appropriate) informed about progress.

The school will promote the Child Safe Standards in ways that are readily accessible, easy to understand, and user-friendly to children, including:

- All of our child safety policies and procedures will be available for the students and parents at Mt Eliza PS to read on the website and on display in the Administration building.
- Teachers will have age appropriate conversations with children as part of the Respectful Relationships program.

The school will use its health and wellbeing programs to deliver appropriate education to its students about:

- standards of behaviour for students attending the school;

- healthy and respectful relationships (including sexuality);

- child abuse awareness and prevention.

Child safety policies and procedures during COVID-19

Government schools do not need to update their local child safety policies and procedures to account for variations to school operations or processes during the period of remote learning as a result of COVID-19. Schools should continue to follow their usual processes for reporting child safety concerns and follow Department advice for any additional child safety considerations resulting from remote learning during COVID-19.
