

YEAR 4 - STEM INCURSION SERIES WEDNESDAY, 5TH AND FRIDAY, 7TH OCTOBER, 2022

Dear Parents/Guardians,

As part of our Semester 2, Future Focused Learning Enrichment Program, our Year 4 students will be participating in an interactive science filled incursion led by Professor Bunsen and an environmental STEM workshop hosted by SOEL, Southern Ocean Environment Link. The aim of these sessions is to **'expose, excite and ignite'** our students, celebrating STEM learning and the real-world application of STEM skills and dispositions.

The incursions will be taking place in our Old Hall and classrooms on Wednesday, 5th October and Friday, 7th October, 2022.

The cost of both incursions is a total of \$18.00 and is covered by the excursion levy. Please forward the permission form and payment (if levy not paid) to school by Wednesday, 14 September, 2022. Please note that late payments or permission forms cannot be accepted and no refunds given.

Kind regards,

YEAR 4 TEACHERS
