

Thank you to our **WONDERFUL, HARDWORKING PTA.**

A small group of our parents have once again done an amazing job this year fundraising and providing social events for our School community.

Particular thanks to the PTA President, Tarnya Cook; Vice President, Nicole Valasis; Secretary, Catherine Trenham; Treasurer Karen McEvoy and a group of very hardworking parents who take on various challenges to ensure that our school receives extra funds for projects that we would otherwise not be able to afford.

We are always hesitant to single out people at the risk of forgetting others however special note needs to be made of the effort by Andrea Pentz, Bernie Blackford, Katie Stafford, Sarah Watson, Emma Robinson and Kate Bayly.

Just some of the activities that were held this year include the chocolate drive, discos, easter raffle, mother's and father's day stalls; lapathon; the market and the movie night.

The PTA also contribute \$10,000 to the school budget to purchase supplies and run programs that are not within our budget for example robotics and the Fitzroy reading program. Additional to this there have also been a number of amazing landscape projects, the rebound wall and concrete paths around the school.

On behalf of the staff we would like to sincerely thank the PTA Committee for their commitment to the school and also thank the students, parents and school community who support the PTA's fundraising efforts. Without the organisation from the Committee and obviously the physical and monetary support from the community our PTA would not exist.

Please remember that with everyone's co-operation ultimately it is your children who benefit from the proceeds of the PTA.

Thank you all.

MT ELIZA PRIMARY SCHOOL STAFF
